

KENDALL LOOMS AS LIKELY SOUTHWESTERN GRID CHAMPS

PHILLIPS STRONG OKLAHOMA TEAM

Defeat of Texas Indicates Great Strength in Enid Collegians.

HASKELL TO BE CONTENDER

Indians and Missouri Valley Eleven to Be Formidable Opposition.

By LARRY DAILEY
Giving the University of Oklahoma its most crushing defeat suffered in a decade 27 to 6, Kendall college established foremost claims to the state gridiron championship Saturday. Two Oklahoma eleven's remain unbroken in the records of the Aggies and Phillips university. Defeat at the hands of the lighter Haskell gridiron does not indicate unusual strength for the Farmers and following Kendall's victory Saturday the local collegians will be favorites when they meet the Pixies charges at Stillwater.

Phillips university looms as the most dangerous opposition to Kendall's championship hopes by virtue of its 19 to 9 victory over the University of Texas at Austin. Phillips and Kendall are not scheduled to play, but in case that each goes through the season without being beaten by an Oklahoma eleven, a post-season game will undoubtedly be arranged.

It is also by a post-season contest that Kendall may have to prove its claim to the title of state champion. The Texas Aggies are the most powerful southwestern eleven outside of the state scheduled to meet Kendall, but a telegram from that school yesterday indicated that the game may be called off. Should Oklahoma university win from other southwestern and Missouri valley teams Kendall might claim the championship by comparative scores.

Kendall's next game is with Central, normal of Edmond here next Sunday. Central always presents a fast fighting eleven, and it is to be 12 to 6. In view of the Catholics here, we can four points more than Kendall's victory, the Edmond teachers will not be easy for Kendall.

TROPICAL EXHIBIT AT SOIL SHOW IS UNIQUE

KANSAS CITY, Mo., Oct. 11.—Unique among the exhibits at the international soils products exposition here was that from Lee county, Florida. It contained 82 varieties of fruit, mostly tropical. Two dozen varieties of peaches, and seven species of pineapples, along with dried lemons, bananas, coconuts, Brazil nuts, pecans and almonds were included in the display. In addition, the exhibit included ten varieties of the mango and nineteen of the guava plant, a semi-wild plant that is used in making jelly.

Another exhibit of more than passing interest was that of Samson Laremont of Burton district, Manitoba. The display from his farm in Manitoba included 270 distinct varieties of grains, fruits and vegetables. Mr. Laremont has exhibited the products of his farm for twenty years in Canada and three years in the United States. He won the world's sweepstakes in wheat at the international soils products exposition at Peoria, Ill., several years ago.

Black Jack Gives Red Cross \$10,000 Check for Orphans

WASHINGTON, Oct. 11.—General Pershing's last few days in France contained an incident demonstrating the heart of the American commander and the officers who surrounded him that has just been revealed in a report just reaching national headquarters of the American Red Cross from Paris. It was a gift of \$4,625.40 francs, more than \$10,000, from Pershing and the officers of his staff to the Red Cross to be devoted to some deserving work among the mothers and children of France who suffered in the war.

The check, bearing Pershing's signature, reached the Red Cross office in the general headquarters of the Red Cross to France. A letter accompanying the donation stipulated that the money be placed in the "Stars and Stripes war orphan fund."

GRIFFITH'S NEW PICTURE COMING

"Broken Blossoms," Which Had a Four Months' Run in New York at \$2.50 a Seat, at the Rialto Next Week.

Undoubtedly the outstanding event of the year in Tulsa photoplay history will be the week's run starting next Sunday of D. W. Griffith's wonderful new masterpiece, "Broken Blossoms."

When first shown at the George M. Cohan theater, New York, on May 12, top prices for the picture were \$2.50 each. Subsequent to the fourth day prices were advanced to \$3.50 and for four solid months the picture showed to capacity houses.

No other picture, not even Griffith's "Birth of a Nation," ever aroused the enthusiasm of the New York critics as did "Broken Blossoms." Here is what some of them said:

"Telegraph": "It is the most beautiful motion picture we have ever seen or ever expect to see. When it was over we wanted to rush up to everyone we met and cry, 'Oh, don't miss it!'

"New York Sun": "It is not too much to say 'Broken Blossoms' is the most artistic photoplay ever made. And it is as if Dickens and Victor Hugo had joined forces with Mr. Griffith."

"New York Tribune": "For the last two years we have seen at least one picture a day, yet with 'Broken Blossoms' we sat on the edge of our seat one hand grasping the arm, the other crushing a wet han-

chief and trembled and grew hysterical over what we saw before us."

All the other metropolitan papers were equally enthusiastic.

The two leading roles of "Broken Blossoms" are carried by Lilian Hall-Davis and Richard Barthelmess. Their acting was praised by the New York critics equally with the picture.

The engagement at the Rialto is the first in the southwest, and the

first in the entire country, almost, as the picture is only released to the exhibitors today. The New York engagement of four months was a private one, and the engagements in Chicago and San Francisco, where the New York success was duplicated.

"Broken Blossoms" is the only motion picture for which an admission of \$2.50 was charged, but the Rialto management will exhibit it at popular prices—Advt.

MELODRAMATIC

situations have been so cleverly interwoven with the romance and love interest that the field of dramatic interest is covered in the picturization of this Western story.

THE chivalry of the far West when the six-shooter settled all disputes.

THERE is an element of mystery and suspense in the story from the beginning. It behoves a man to choose his words carefully. Especially if the other fellow has a reputation of being quick on the "draw."
